

R-Group delivers Bethanie in-room communication and entertainment

Bethanie offers welcoming aged care and retirement villages across WA. Following construction of their outstanding new facility in Gwelup, Bethanie engaged R-Group to provide services including:

- **Installation of Audio-Visual Systems**
- **Fixed and Wireless Internet Services**
- **Telephony Services**
- **Customised Communication and Entertainment System**

Due to tight timeframes between construction and open, a short window existed for installation between completion of room furnishing, and prior to imminent resident arrival. R-Group was able to deliver the project on time, on budget and to the highest of quality.

R-Group proactively managed dust, materials and waste to retain the pristine room environments to ensure residents had access to in-room communication and entertainment upon arrival.
