

National Lifestyle Villages (NLV) is the leading provider of land lease communities across the state for Western Australians looking to downsize later in life. During 2018 R-Group has provided enhanced internet and telephony services enabling the 3000 homeowners to stay connected and communicate from the comfort of their own home.

R-Group provided:

- **Superior internet and telephony experience with vastly improved speeds, performance and reliability.**
- **Generous and cost effective data and telephony bundle packs and standalone services.**
- **Fully upgraded site coaxial cabling system utilizing the latest DOCSIS technology to ensure superior network performance and reliability.**
- **Ongoing aftercare and support for user queries.**
- **Tailored 'how to guides' for service use.**

"Lin and his team were amazing to deal with. At times they faced very difficult circumstances but they always acted with impeccable professionalism and patience. I look forward to continuing working with the R-Group team as they continue to manage this service across our 10 Villages."
