

In-room entertainment

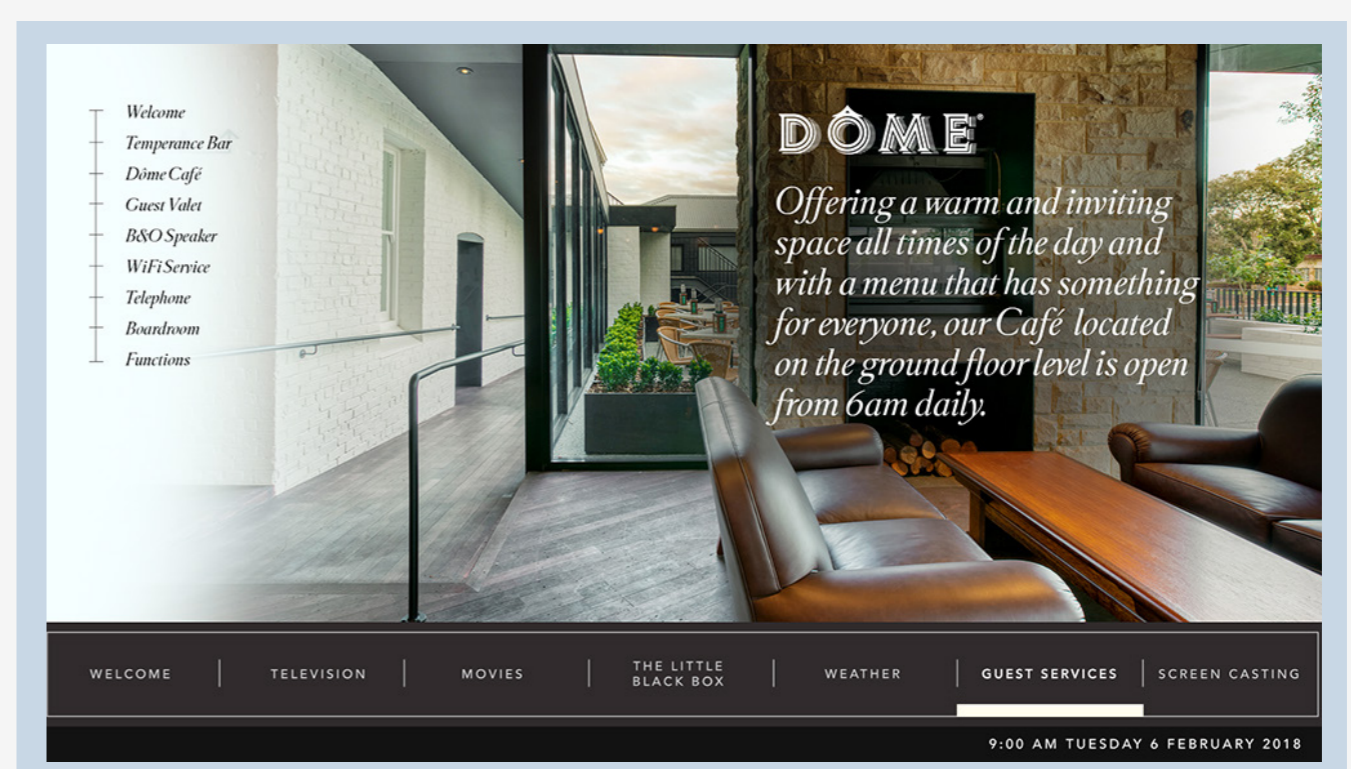

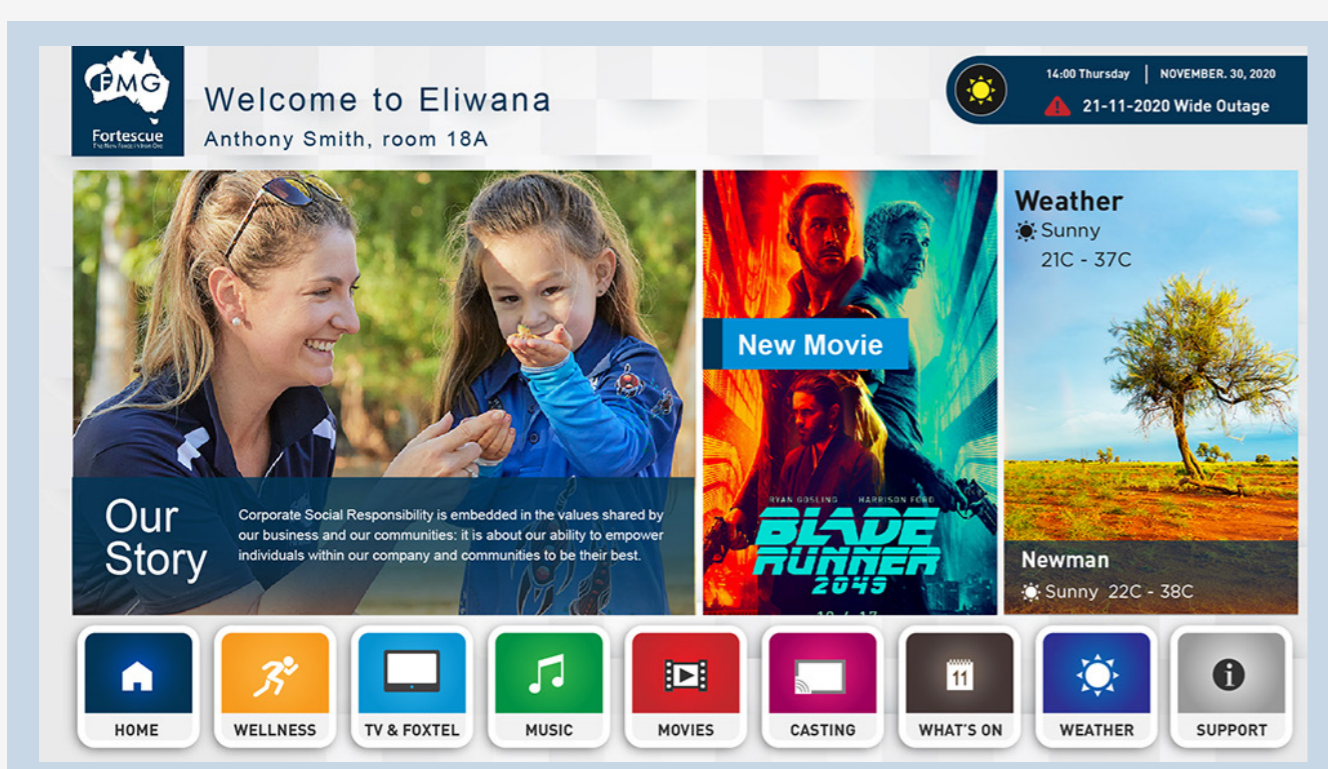

Create a connection between you and your guests.

The R-Group In-room entertainment system provides clients with a fully customisable platform of features offering entertainment, services and information to their chosen audience. The system caters for a diverse audience to ensure it meets simplicity and ease of function whilst providing a large depth of content.

Each deployment is tailored to incorporate your branding and the specific services and functions important to your guests or residents and can be modified to interface directly with some back of house/administrative systems.

R-Group offers a complete deployment service including cabling, panel installation, telephony, internet connectivity, movies on demand, guest services interface and a comprehensive 24x7 support service should you need assistance.

Why R-Group?

R-Group has **proven experience** in the delivery of solutions across large and small clients for Hotels, Workforce Accommodation, Entertainment Centres and Corporates.

For more information, please contact us, we look forward to helping creating a customer experience for you.

About

R-Group is a privately owned company established in early 2000. Originally founded as an IT business, with the convergence of telecommunications and audio visual systems into IP, it was a natural fit for R-Group to take on a more solutions focused approach.

With a number of significant projects deployed around Australia from CBDs to the middle of the desert, you can be assured R-Group has the experience and know how to find the right solution for your needs.
