

Hospitality Entertainment Solution

Connecting your onsite residents to the information they want and need.

How does it work?

Our entertainment system provides clients with a fully customisable platform of features offering world-class blockbuster entertainment, branded services and information specific to your business and desired viewers. The system caters for a diverse audience to ensure it meets simplicity and ease of function whilst providing a large depth of personalised content.

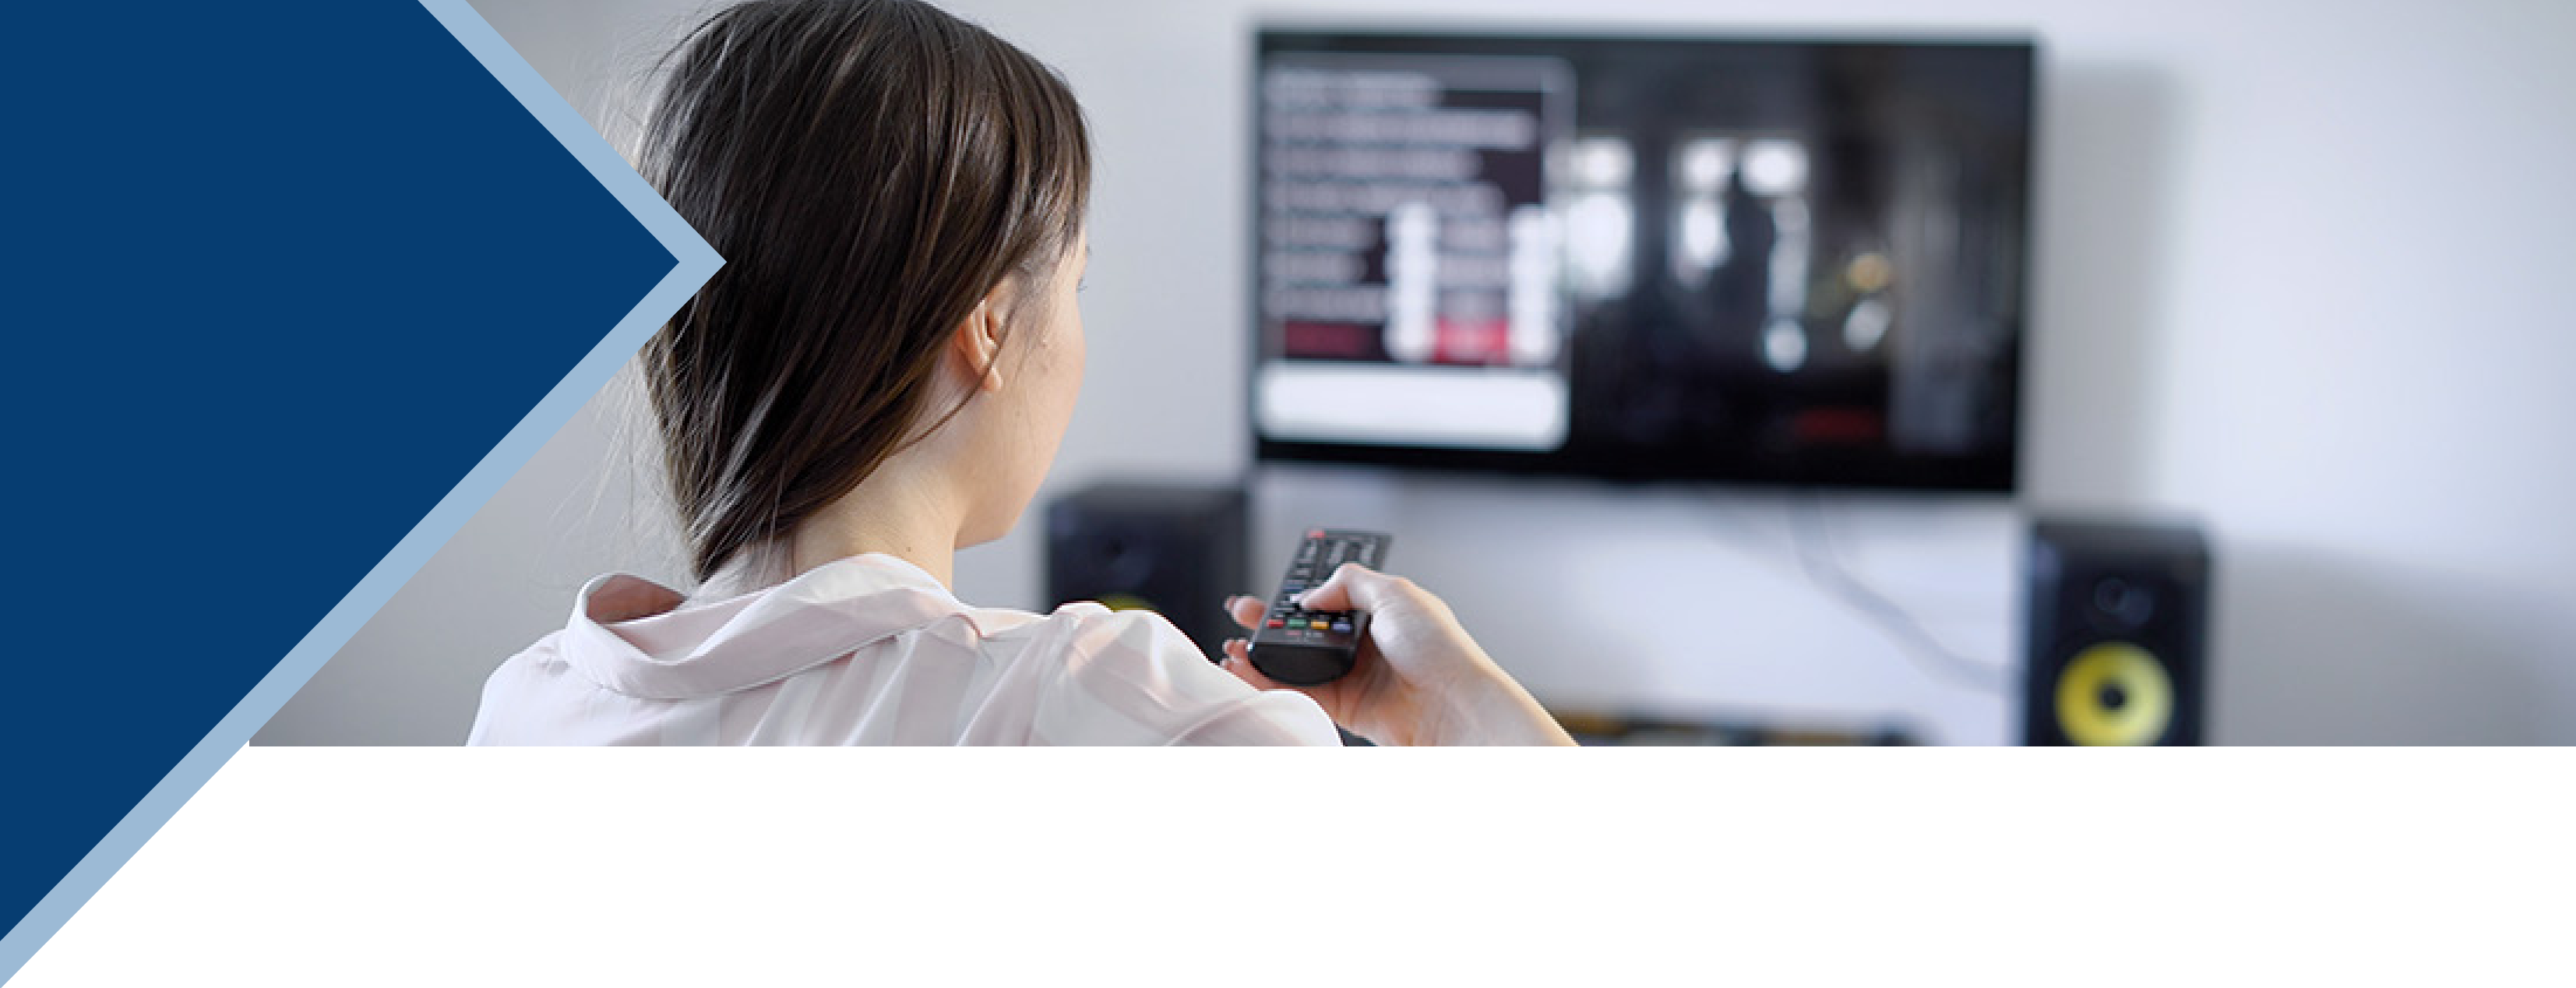

As experiences are continuing to evolve and guests are craving the convenience of home, our in-room entertainment platform now provides seamless access to a user's own streaming service through easy to use casting functionalities built into the system to ensure that you maximise guest satisfaction.

R-Group Experience
